## & the Burning Bush!

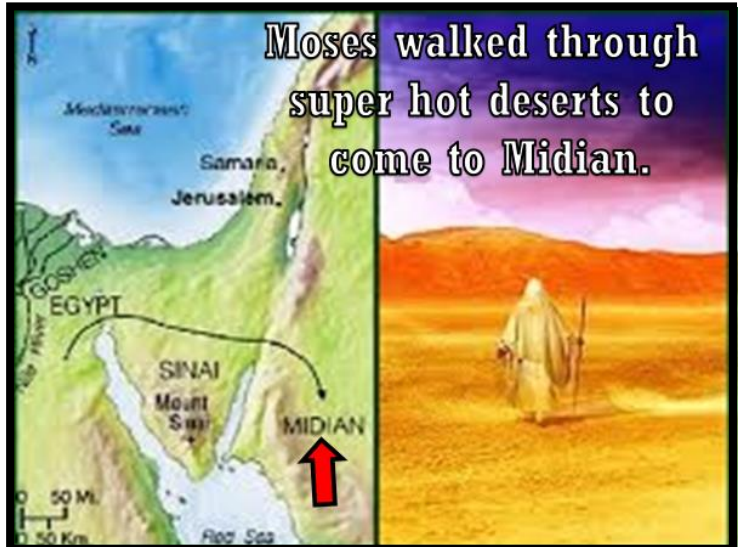

Exodus 2-4

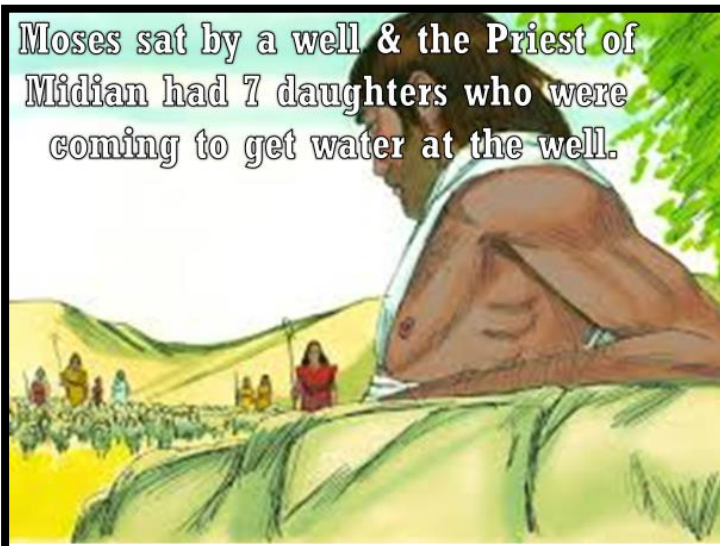

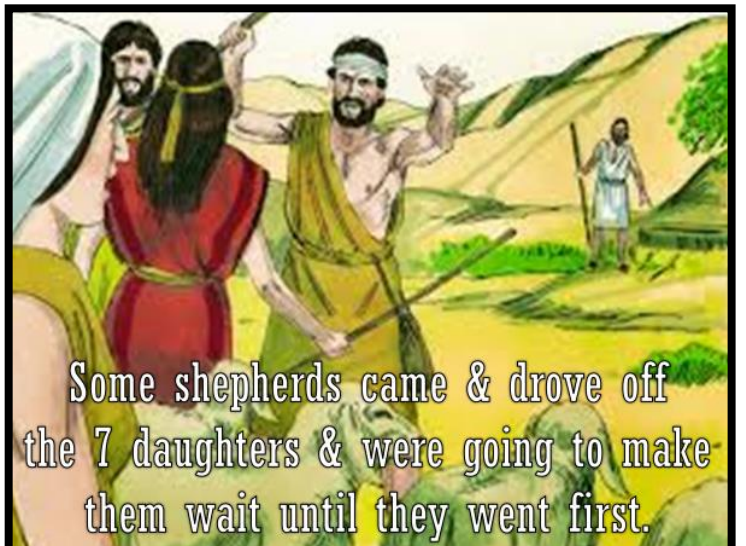

**The Pharaoh tried to kill Moses when he found out that he had killed an Egyptian.**

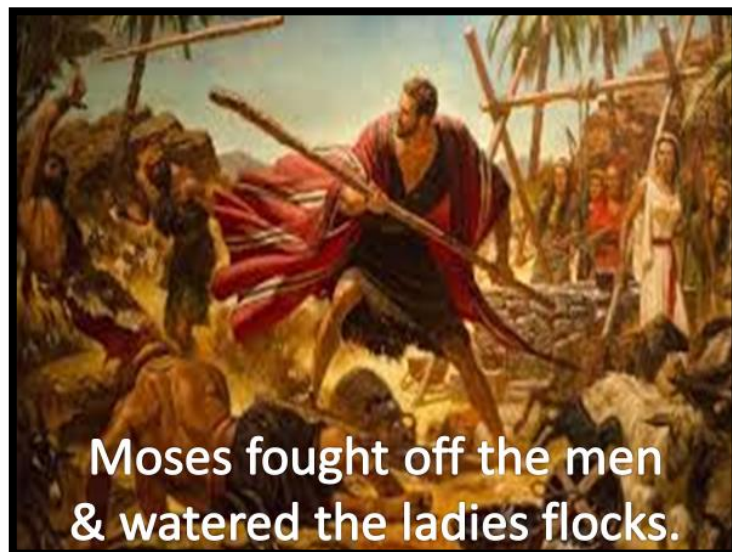

**Moses walked through super hot deserts to come to Midian.**

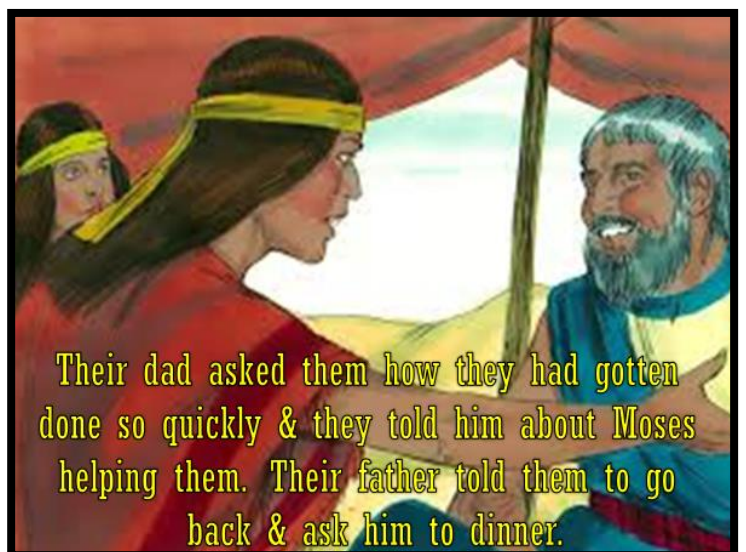

**Moses sat by a well & the Priest of Midian had 7 daughters who were coming to get water at the well.**

**Some shepherds came & drove off the 7 daughters & were going to make them wait until they went first.**

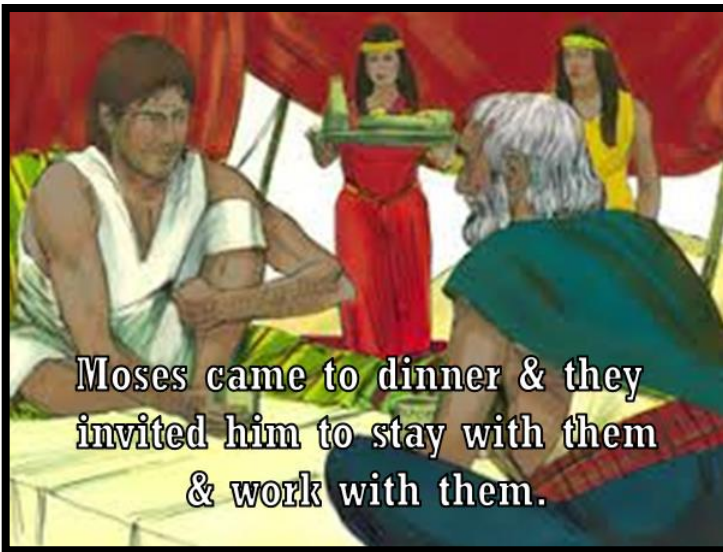

**Moses fought off the men & watered the ladies flocks.**

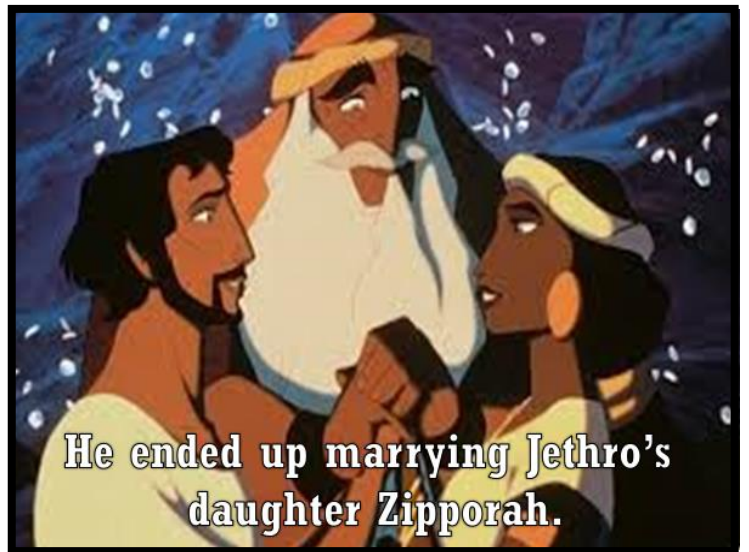

**Their dad asked them how they had gotten done so quickly & they told him about Moses helping them. Their father told them to go back & ask him to dinner.**

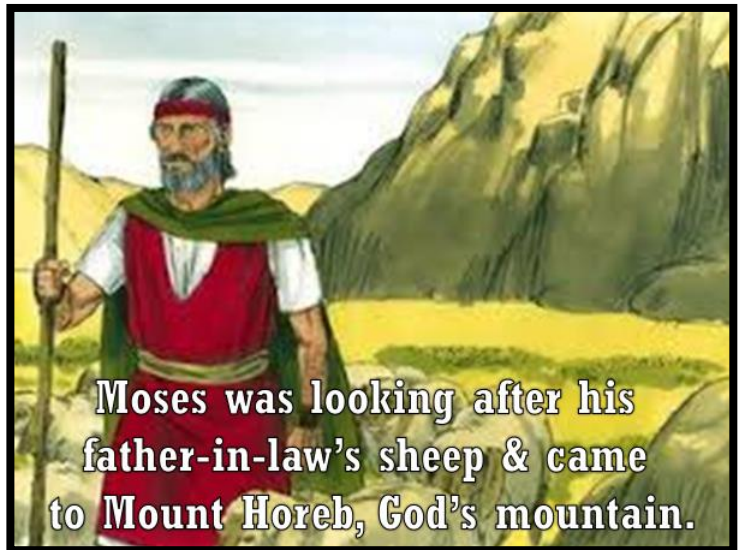

Moses came to dinner & they invited him to stay with them & work with them.

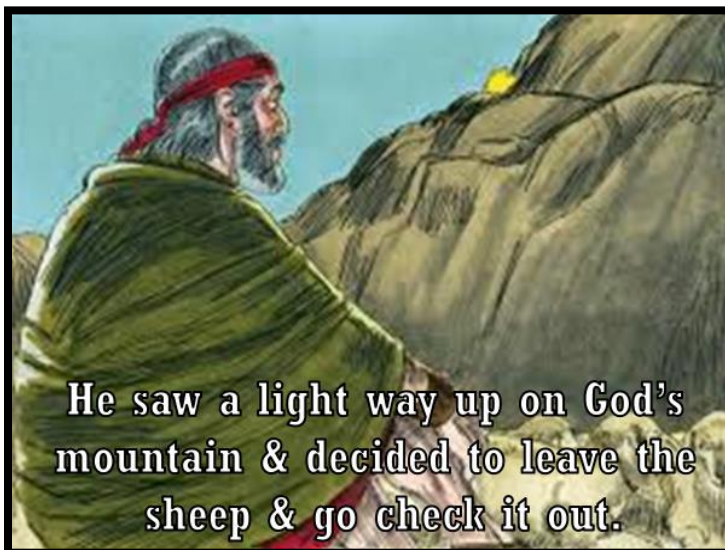

He ended up marrying Jethro's daughter Zipporah.

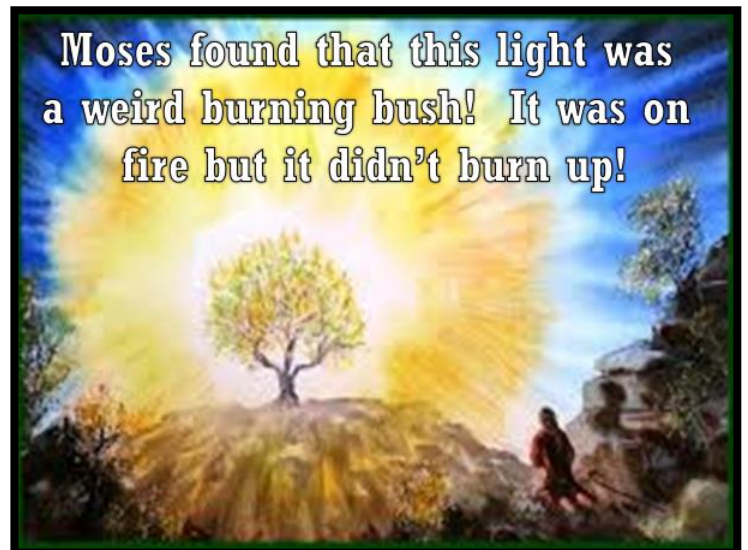

The new couple had a son & they named him Gershom.

Moses was looking after his father-in-law's sheep & came to Mount Horeb, God's mountain.

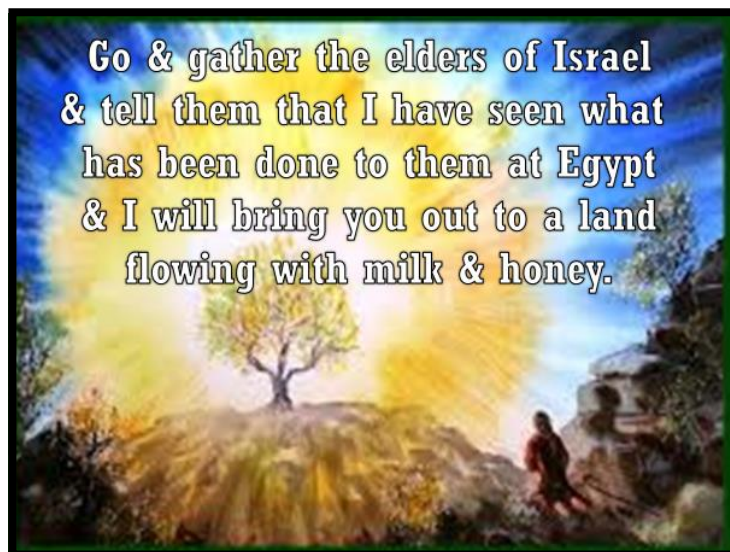

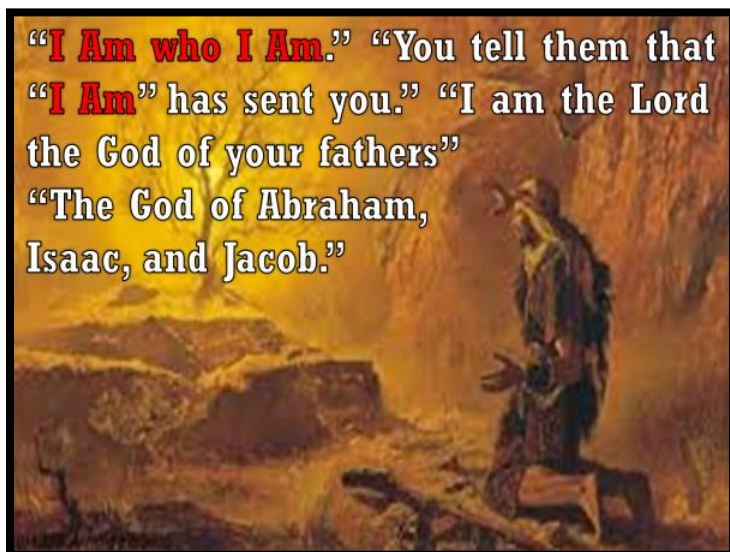

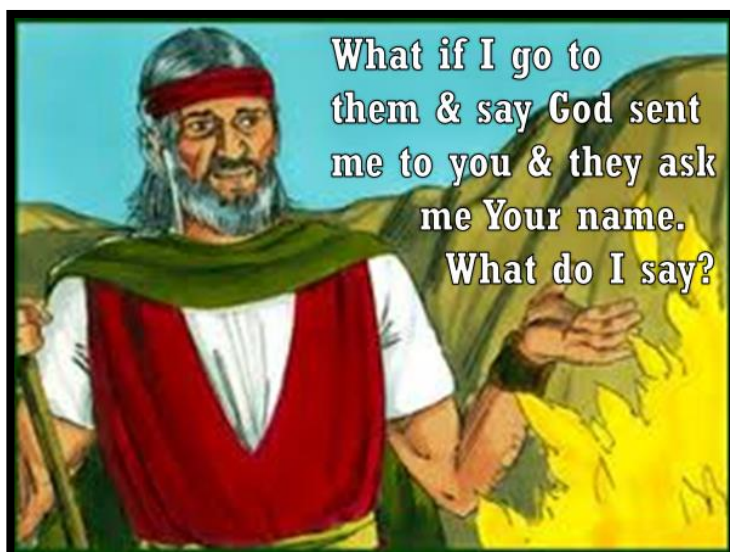

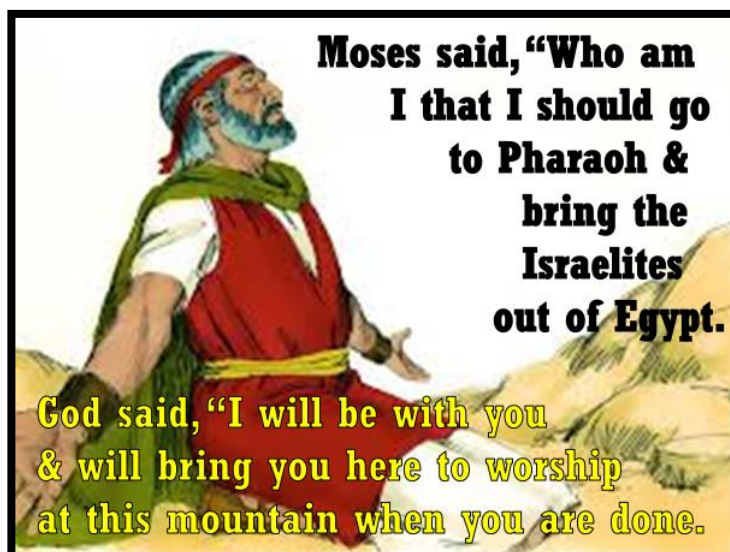

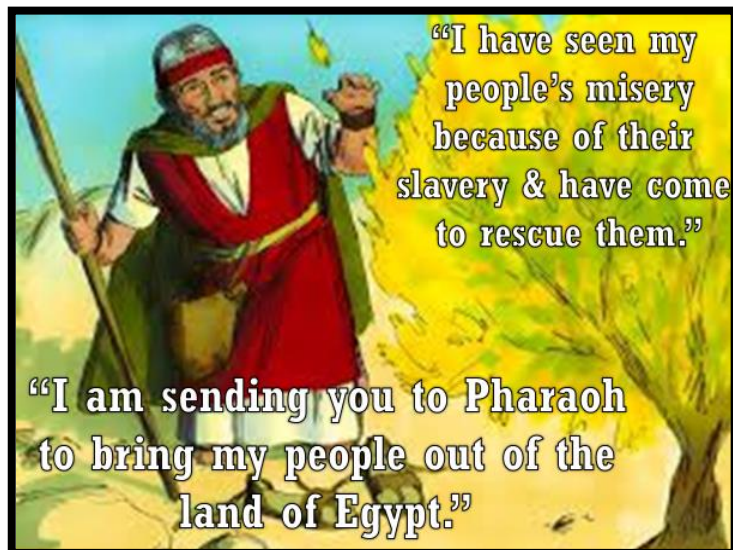

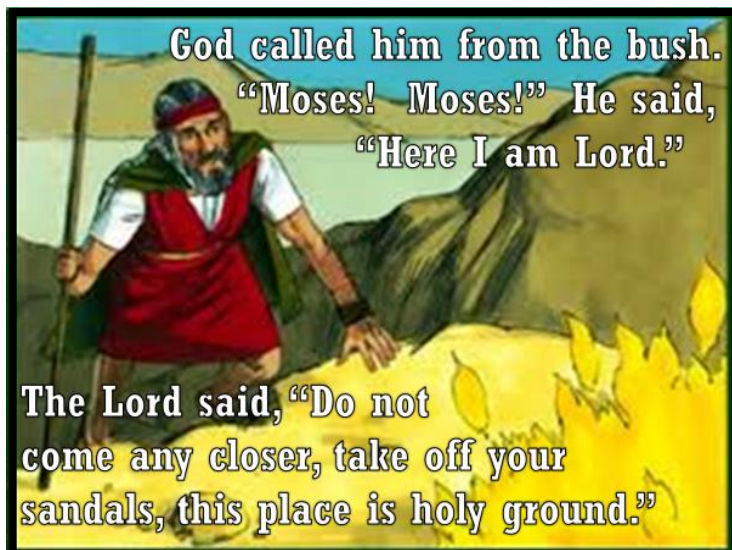

He saw a light way up on God's mountain & decided to leave the sheep & go check it out.

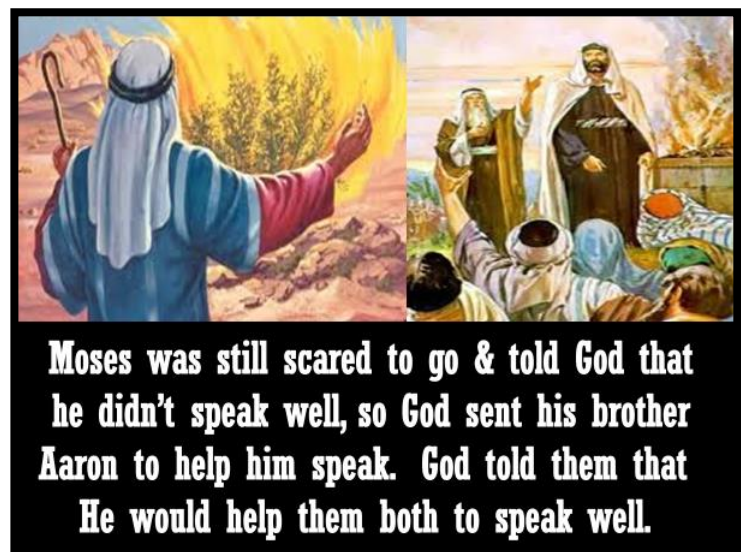

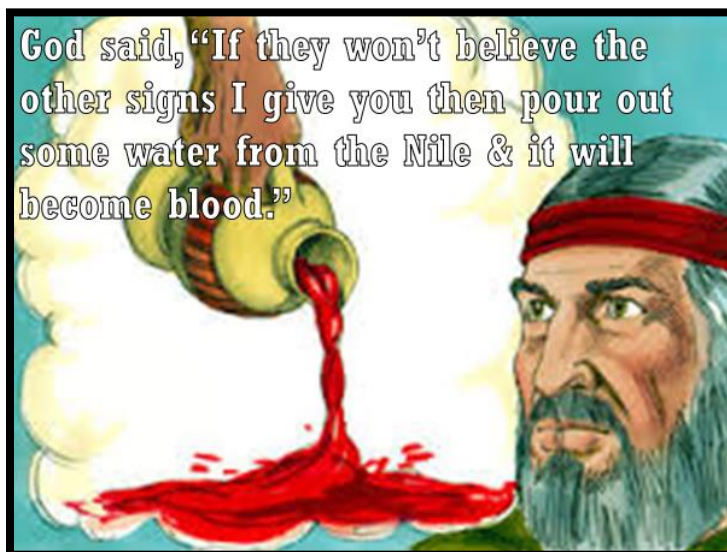

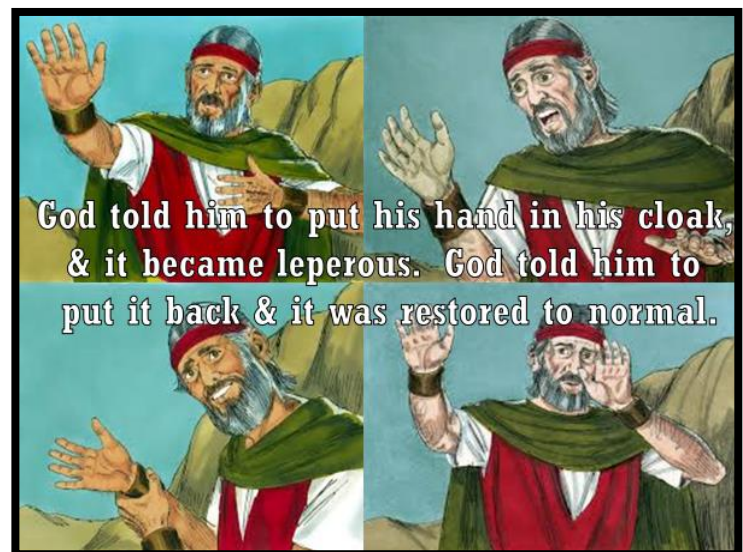

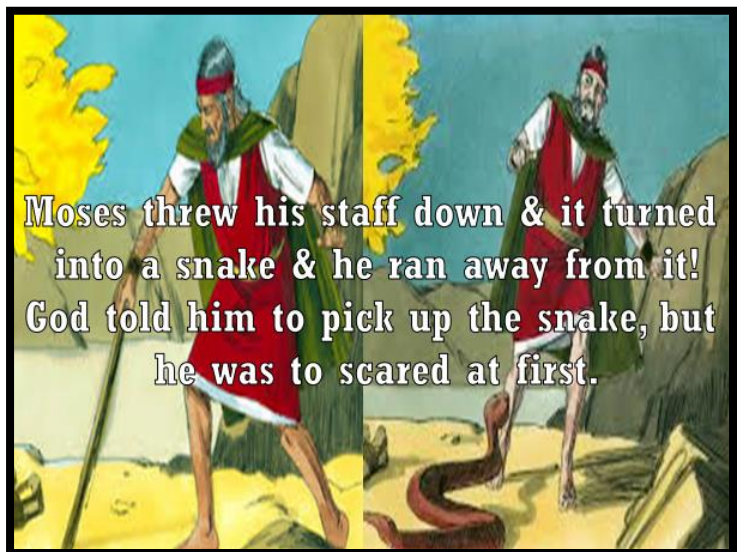

Moses found that this light was a weird burning bush! It was on fire but it didn't burn up!

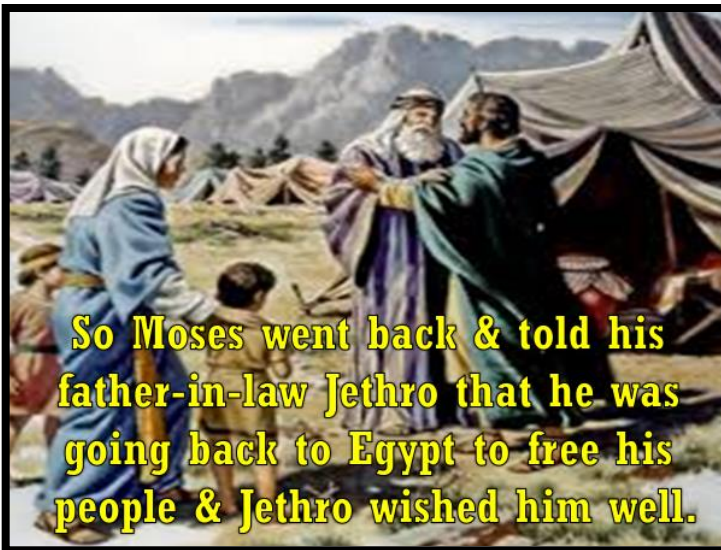

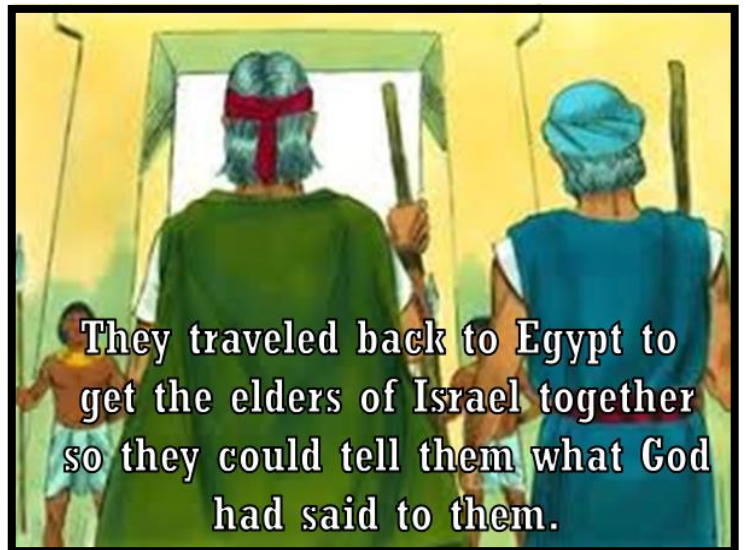

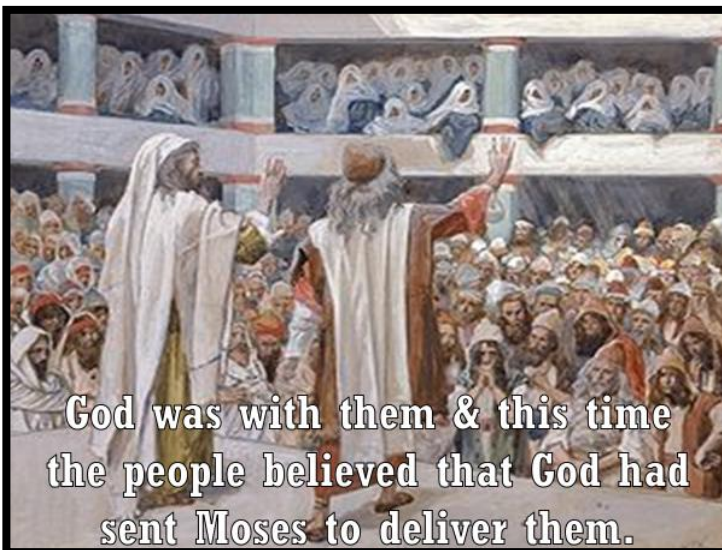

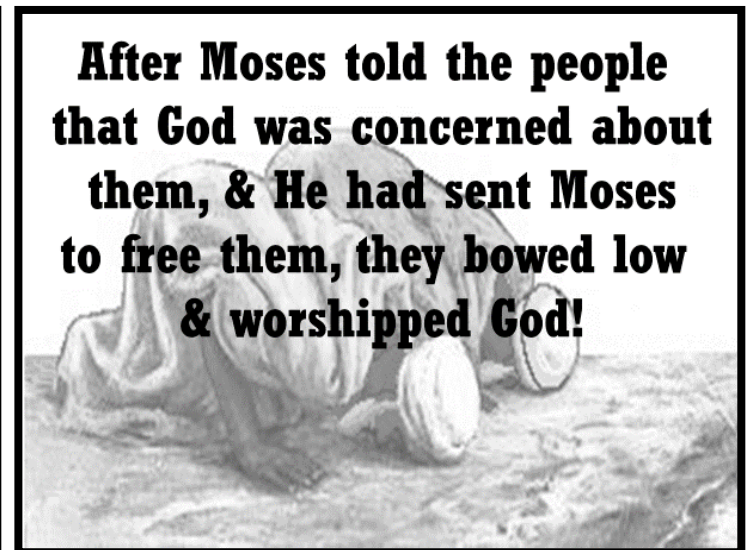

**So Moses went back & told his father-in-law Jethro that he was going back to Egypt to free his people & Jethro wished him well.**

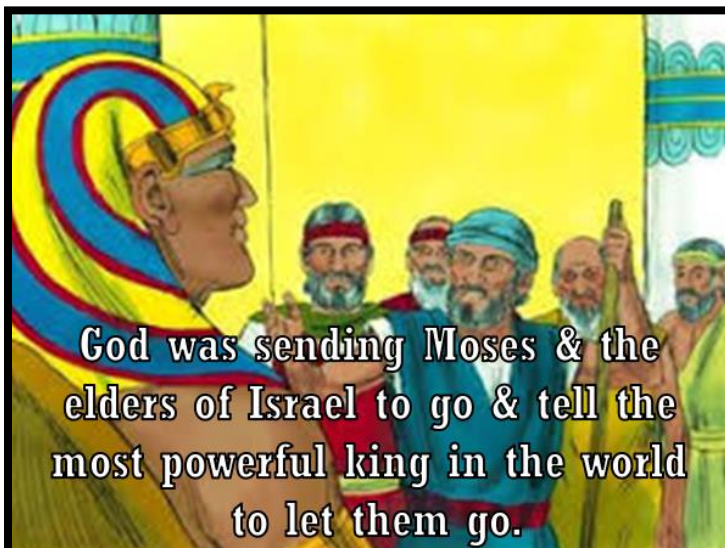

**They traveled back to Egypt to get the elders of Israel together so they could tell them what God had said to them.**

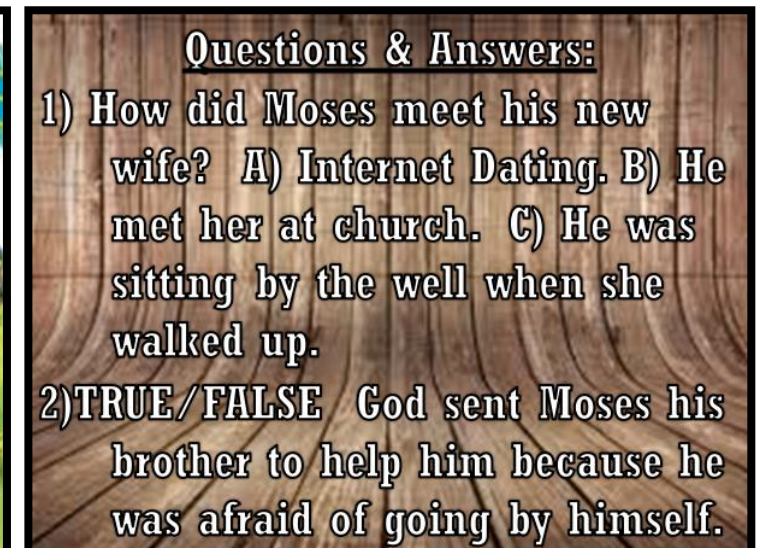

**God was with them & this time the people believed that God had sent Moses to deliver them.**

**After Moses told the people that God was concerned about them, & He had sent Moses to free them, they bowed low & worshipped God!**

**God was sending Moses & the elders of Israel to go & tell the most powerful king in the world to let them go.**
